Remote Courtroom Guidelines

The courtrooms are open to members of the public by telephone and online. Because background noise can interfere with the court's ability to maintain a clear record, public observers must keep their devices muted at all times.

Parties and counsel must also mute their devices when they are not speaking. The customary rules of courtroom decorum and attire remain in full force and effect.

Failure to comply may result in removal from the courtroom through termination of the remote connection and/or sanctions for contempt of court.

Court schedules and access information may be subject to change. Confirm current information with the Stevens County Superior Court Clerk's Office at **509-684-7575**.
